Commodore's Comments

I hope everyone had a safe Memorial Day holiday. The club has been busy with summer kicking off.

D-Pier is complete and it's good to see new boats in the slips every week.

Chef John continues to impress with a wonderful selection of specials every week. Thanks to Rick and all the staff for keeping things running smoothly.

The race committee is trying to get some weekend races started back up. It will be great to see more sailboat out every weekend.

Progress is continuing on club expansion. The expansion committee is working with out architect TBA and general contractor M&M construction. Thanks to Don Olson, Kevin May and Tom Hadel for all their hard work.

The nominating committee for the 2021 Board of Directors has a great selection of candidates to fill in next year's board vacancies. Thanks to Rear Commodore John Hellyer for all your work. It's a good 'sign' for the future of the club.

I hope everyone stays safe and hope to see you at the club and on the water.

Steve Durham, Commodore

Manager's Message

It is very nice to see so many members utilizing the club while practicing social distancing. The kitchen has stayed very busy with to-go and a few dine in orders over the past month.

With boating season upon us, we need to remind everyone of a couple of

standing rules. First, *trucks with trailers are prohibited from parking in the main lot*. Post launch parking is by the front entrance in the grassy area. Also, in order to avoid a fine, *you must have a parking permit on your trailer if it is being stored at the club*. Parking permit stickers may be picked up in the office.

We have many members that have been using the gate call button to obtain access to the club instead of using their gate cards. I want to remind everyone to please use your issued gate card to gain entrance and that we have extra cards available in the office if you have lost your card. Answering the gate takes the staff away from their task at hand and can disrupt service quite a bit, especially on busy days. Thanks in advance for following these simple rules to help make the club a better experience for everyone.

We are hoping to be able to start booking private events later this month if all goes well. We will begin construction on the clubhouse expansion after Labor Day, so please keep that in mind when booking anything after that time.

I hope everyone is safe and well.

Rick Hutson, General Manager
